

KMC Loyal Kitten & Cat Parents:

Happy New Year to everyone!!! 2025 KMC Waitlist, Rough Draft.

We are super excited for the next 90 days. Oh, My Goodness, it's going to be Kitten Palooza! Of course, we will have more litters after this Spring. However, we will not have this many litters at once because several will retire and enjoy the coveted "Pet Life."

Queens were not getting pregnant this Spring & summer & now, nearly all the queens have gotten pregnant. We don't have an objective reason for this other than they physically stopped cycling after vaccinations in April 2024, and now ALL are cycling again/or pregnant. Some people may find this interesting: If you intentionally prevent pregnancy in a mature female for more than 3-4 heat cycles, it puts their life at risk for Pyometra & estrogen overloading. Yes, Pyo is deadly!!! My Queens, like Prada, went over a year without a litter and are okay because they did not have heat cycles.... So, thankfully, all is well, and now we are expecting several litters.

***** **We say this EVERY TIME a new list is put out.** Stay Positive. New People on this list, PLEASE do not be discouraged if you are lower on the list or even the last person! **No**, we will not produce 90 kittens!!! However, every time we run down the list to call people for kittens, **MORE than 50% of people pass.** People can pass for any reason and it's OK. We want the timing to be great for bringing your tiny one home & it lets the next person in line have the opportunity. 🏆 Icon Indicates people that have paid the one-time \$50. to stay on the list.

To help the adoption process go smoothly, we will start reaching out to people when the kittens are 6-10 weeks old. Typically, we were waiting till they were older. However, it was getting tough for people to make transportation plans.

We will email AND text the contact information on your application **Once** (or call if it's a landline number). We will wait 2 days for you to get back to us and then move on to the next person. We typically reach out in groups of 10 at a time; we will still go by the order of the list, no matter who responds first.

If you do not respond after we contact you, we will take note and let you contact us to indicate when you are ready. There are several people on the list that we have contacted for the last several litters and never heard back. Thus, KMC will stop trying to contact you; your name will stay on the list and be labeled *inactive* until we hear back. We will NOT remove you from our list if you already paid the one-time \$50 fee. Even if you want to stay on for another kitten, this is a one-time fee. No fee is requested if you are waiting for an adult. Adults go to the best-fitting home, not by number.

We will release another Newsletter in mid-January with QR Code PayPal/ Venmo/ Zelle for all new people needing to make the \$50. payment. If you paid and the trophy is missing, let us know. Digital Payments are pretty easy to look up.

We are here to make hearts happy and OSH / Siamese dreams come true. We are so honored you have chosen us. If, for some reason, you think we missed you on this list, simply call or text. This is a rough draft; changes will be made to the list, and names will be added if we missed someone. Our website time stamps and keeps ALL applications, so it makes life easy to look your information up.

Also, please check your junk folder. We upgraded to a professional email account to minimize

newsletters and emails going into junk folders. However, we can't control your junk sensitivity settings.

More Notes below the list ...

Casandra S. Adult 🏆 female adult

Leo F. Stay on list, waiting ~ 2025 🏆

1. Tina-Justina R. 11/01/21 OR. 🏆 10:12 AM-_. **Waiting for Solid color.**

93. Jennifer M. Reading, PA. December 4th 2024, 3:16 PM
94. Elizabeth A. Wenatchee WA. 3:59 PM

This is a rough Draft. If we have missed someone or did not leave you on the list after the last adoption in 2024, please drop me an email at

Nikki@KnowMoreCats.com

Kittens are here, and several litters are coming, so we would like to get the final draft done in the next 30 days. People are going to see a considerable uptake in Newsletters and emails from KMC as we want to be in contact with those ready to adopt! As soon as Spay/Neuter dates are set up, firm go-home dates and travel plans can be made.

KMC will announce when the \$50 Waitlist deposit is Due. We did Not require this yet (A few people volunteered, Ty!) from the last group of people to sign up because several of the Queens were not getting pregnant after their early Spring vaccinations —this small \$50. Fee is **ONLY refundable if KMC does not offer you a kitten in 12 months & you request a refund via email thereafter. This does not mean you do not accept a kitten within 1 year; it means “Offered.”**

The \$50. Goes toward the adoption cost of your kitten.

We are trying to do two things;

#1. We are trying to minimize scammers on the list,

#2. We want people on this list who are serious about adopting quality kittens humanely raised with the highest possible standard of care.

This 2025 winter & spring we will have an unusually high number of litters. However, we are incredibly prepared. We have no plans of doing this many litters again at one time!!! 3 more Queens will be retired within ~ 4 months and we also hope to retire Mochi & Armani in 2025. Although there is value from a breeding perspective to keep adult cats for longer, we personally do not feel it follows our mission. We are NOT saying other breeders are wrong for keeping cats longer for breeding purposes. KMC is DEVOTED to the quality of life for our cats, that is the #1 goal. Everything comes after that Mission goal. Our cats must have quality of life! Our cats will NOT be confined to cage living & be a breeder till middle age. We passionately feel that NO kitten should ever be caged past the age of about 4 weeks for physical and emotional developmental reasons. Kittens caged until they are adopted are often Very fearful of new environments, unsocialized, and sometimes that fear is stamped for life. We have a large property & our Cats rule!
